About Falcom

Falcom Ventures, a company endeavouring diverse business activities currently across MENASA, North America & CIS regions.

The team established their first venture in 1994 providing Engineering solutions based in Mumbai – India and then diversifying into other industries with multi-disciplinary support. Added fabrication services, media / web development, trading and supply of peripherals and consumables, printing / plotting / advertising solutions, etc.

Our UAE operations, established in 2011 strongly caters to serve Engineering / PMC services, Trading of engineered products, bulk materials and other equipment. Falcom Ventures FZE is a part of **Falcom Ventures Group**, comprising of Falcom Ventures Trading FZCO, FJS Trading LLC, Navitera Marine Services LLC, together aiming to provide a One Stop Solution for a broad industrial need.

With added strength and support from our global offices, we are actively engaged with several reputed manufacturers (across the globe) and regional contractors to cater a broad range of products and services focusing the Energy Industry.

Catering to the industry for various services as well as retailing / stocking several equipment / products through our Karama Office cum warehouse as well as additional storage facilities in Jebel Ali Dubai.

We strive to continuously increase and diversify our portfolio of activities thus intending to cater a bigger market whilst maintaining our professional spirit & ethical repute.

Our Mission

We strive to continuously increase and diversify our portfolio of activities and explore newer markets thus intending to cater a bigger market whilst maintaining our professional & ethical repute. This would come through good governance and foster a team of aggressive and dynamic partners such as to remain competitive without compromise on quality for a sustainable and equitable growth of the company.

Our Vision

To develop the company into a sustainable and reliable conglomerate with a wide portfolio and catering several markets. The company's traditional values maintain work life balance as well as ensure health and prosperity of the team and partners such as to productively contribute for growth of the society.

Quality Statement

Falcom Ventures and its team solemnly pledge to provide quality products and services as relevantly and practicably possible. We aim to continuously improve on our standards of services at par and beyond the market.

QUALITY IS NOT AN ACCIDENTAL ACHIEVEMENT...IT'S ALWAYS A RESULT OF CONSTANT HARD EFFORTS ...

Sets & Spares**

**Pipes &
Fittings**

The background is a vibrant, abstract composition. It features a repeating pattern of diamond shapes in various colors including orange, yellow, blue, purple, and pink. Overlaid on this pattern are numerous thin, black, scribbled lines that create a sense of movement and complexity. The overall effect is a dynamic and colorful visual field.
